

### **City of Cheboygan – Water Meter Replacement Project**

The City of Cheboygan is seeking proposals from qualified contractors for the replacement of existing water meters and the installation of advanced metering infrastructure (AMI). This project involves approximately 1,500 customer accounts.

The selected contractor will be responsible for meeting all specifications outlined in the project requirements, including managing subcontractor performance. The City will supply the water meters and all necessary materials for the project.

Proposals must be submitted by February 21, 2025 to City of Cheboygan C/O DPW-Water Meter Replacement RFP, 403 N Huron St Cheboygan, MI 49721 or to [amartin@cheboygan.org](mailto:amartin@cheboygan.org). Detailed project specifications and submission instructions can be found at: [Bids & Requests for Proposals \(RFPs\) | City of Cheboygan](#)

The City of Cheboygan encourages all qualified firms to apply.
