City Council Approves Grant Application for Water System Upgrades

As a result of customer feedback, which identified problem water quality areas within South B Street, South C Street, South D Street and Duncan Avenue, the Mayor and City Council approved a grant application for \$1,000,000 to the Michigan Economic Development Corporation for replacement of water mains within these areas. The grant application included \$565,000 in matching funds to be provided from the City of Cheboygan's Water Fund.

The City of Cheboygan has also retained the services of engineers with Wade Trim of Gaylord, Michigan who are reviewing operations of the City's Water Department in order to offer recommendations for improvement.

Customer feedback remains important and is encouraged. Please contact the Gary Good, Water & Wastewater Superintendent at 627-2582 with your feedback, questions or concerns.

Downtown Development

Authority Identifies Priorities

The Downtown Development Authority Board of Directors reviewed recommendations of the HyettPalma Study and has also reviewed its financial capacity. As a result of this review, along with other recommendations from the Cool Cities Sub-Committee, the Downtown Development Authority identified top priorities, which include new business development and marketing. Other projects on the Downtown Development Authority's priority list include refinement of the footbridge design and grant applications toward construction and inducing redevelopment of the former Woolworth building site.

The Downtown Development Authority's funding is provided by increased property taxes from property owners within the DDA district and must be used within the district.

CITY PARTNERS WITH NEIGHBORING GOVERNMENTS TOWARD FUTURE PLANNING

As a result of the City of Cheboygan's Strategic Plan, the City has initiated a proposed planning process with officials from Cheboygan County, Benton Township, Beaugrand Township and Inverness Township.

An Intergovernmental Planning Committee has been formed with representatives from each respective government entity in an effort to begin planning for the future with a single vision. A Resolution has been drafted for review by each government entity, which can legally establish the Planning Committee under Public Act 200 of 1959. The Resolution provides for the ability of governments to study problems of mutual interest and concern and formulate recommendations for review and action by each governing body. Mayor James

Muschell and City Planning Commissioners James Granger and David Prieur have participated on the Committee.

Please contact Scott E. McNeil, City Manager at 627-9931 or stop by City Hall with any questions.

Cheboygan County Businesses Now Have Access to Revolving Fund

The Economic Development Corporation of the County of Cheboygan has facilitated the availability of Revolving Loan Fund, otherwise known as “RLF”, to County businesses. These RLF’s can be used for a variety of business needs including equipment modernization, working capital for expansion and others.

A Revolving Loan Fund is a source of money from which loans are made for small business development projects. The fund is capitalized with dollars from the United States Department of Agriculture/Rural Development, which generally do not need to be repaid. A loan is made to a business and as repayments are made, funds become available for new loans to other businesses.

RLF’s are established to provide a source of financing, which may not otherwise be available within the community, for local, expanding or start-up businesses. Often they are used to fill a “financing gap” in a business development project. A gap occurs when the business lacks the funds to meet the equity requirements of bank financing or needs a lower interest rate.

An RLF within a community enhances the “tool chest” of the local economic development agency. Incentives such as fixed rate, low interest, and/or long-term financing are important to a business wanting to locate or expand within the area.

The existence of an RLF promotes goodwill for the local community. Businesses are encouraged by programs that support retention and expansion, utilizing flexible, locally controlled funds. This demonstrates a pro-business attitude, which is critical when developing partnerships between the public and private sectors.

RLF dollars are available through Mr. Ken Kolasa of the Target Alpena Economic Development Corporation. Mr. Kolasa may be contacted at 989-354-2666 or email at targetalpena@chartermi.net. At the present time, the maximum loan amount is \$25,000 with a seven percent (7%) interest rate and 10-year term.

Scott E. McNeil, City Manager is President of The Economic Development Corporation of the County of Cheboygan
